## An Overview of Breinton

The parish of Breinton lies directly to the west of Hereford. Although it is so close to the city, the configuration of the River Wye to the south has reduced its accessibility, and left the parish very rural. Agriculture and orchards predominate, but there are also ancient woodlands, unimproved meadows and other natural habitats that support great biodiversity.

The location of Breinton parish, west of Hereford City (Breinton Neighbourhood Development Plan, 2016)

The River Wye has cut a deep-sided valley or gorge through a rolling hilly landscape. The secluded landscape of this valley has a special beauty: appreciated by many, including walkers on the long-distance Wye Valley Walk; and admirers of the landscape paintings by local artist Brian Hatton (1887-1916), of scenes that remain barely changed today.

The views that Brian Hatton painted near the River Wye at Warham remain the same today (Breinton Neighbourhood Development Plan, 2016)

Breinton falls within the Natural England's Herefordshire Lowlands national landscape character area. Key features of this landscape identified in this character area assessment, (and from more local, parish specific information) are listed in Breinton's Neighbourhood Development Plan:

1. *Gently undulating landscape with fine views from hilltops and ridges;*
2. *The River Wye follows a gorge, wooded on both sides, with a rich diversity of wildlife habitats;*
3. *Much of the area is underlain by Raglan Mudstones (Old Red Sandstone), with localised deposits of alluvium, gravels and fluvio-glacial drift;*
4. *Fertile soils support mixed agriculture, traditional orchards and modern bush orchards. Natural soils tend to be slightly alkaline;*
5. *Pasture with occasional wet meadows and permanent grassland close to the River Wye;*
6. *Roads and paths lined by hedges rich in plant species, and including a large number of ancient or veteran trees;*
7. *Arable cultivation is widespread with crops including wheat, barley, oats, oilseed rape, maize and potatoes;*
8. *Timber-framed (black-and-white) farm houses and other buildings are characteristic with stone and red brick also used frequently as building materials;*
9. *Dispersed rural settlement pattern throughout with scattered hamlets and farmsteads;*
10. *Hereford City is close by, and, therefore, Breinton is a popular destination for walkers, cyclists and picnickers;*
11. *Tranquil and relatively undisturbed by major infrastructure.*

A Digital Terrain Model derived from a LIDAR (Light Detection And Radar) map of southern Breinton, from Three Counties Orchard Project/Herefordshire Council, 2016

As part of the Three Counties Orchard Project, the development and history of three traditional orchards in Breinton were mapped over time. The Digital Terrain Model map from this project helps to illustrate the geomorphology related to the location of local wildlife habitats in Breinton and Warham including: riverside floodplain meadows; steep wooded former river cliff; gullies carved through the former river cliff.

### Existing and former designations

The pale yellow area west of Hereford city used to be designated an “Area of Great Landscape Value”. From:  
South Herefordshire District Plan; Part 1 District Policies and Proposals, c. 1992

Prior to 1998 when this area was part of South Herefordshire District in the county of Hereford and Worcester it was mapped as part of an “Area of Great Landscape Value” bordering the River Wye between Bridge Sollers and Hereford. It is now in Herefordshire. Unfortunately many sites designated Local Wildlife Sites (Appendix 8, Herefordshire Council Core Strategy Plan) have not been formally surveyed since 1977 (as noted here: [https://www.herefordshire.gov.uk/site/scripts/google\\_results.php?q=Local+wildlife+sites](https://www.herefordshire.gov.uk/site/scripts/google_results.php?q=Local+wildlife+sites)), and some areas that can qualify as Local Wildlife Sites today have been missed. For Breinton, Breinton Wood (SO43/017 GR 475393) was mentioned as a Local Wildlife Site in April 2015, when the

existence of ancient woodland was recognised. Also listed in Appendix 8 are: Breinton Gorge, Local Geological Site GR459393 and Warham House, Unregistered Park and Garden GR4813539244. A map of Local Wildlife Sites is not provided with Core Strategy Appendix 8. An example of a site in Breinton not yet recognised by Herefordshire Council is Drovers Wood (SO477406), with mixed deciduous woodland (including some veteran oaks), planted in 2001 and managed by the Woodland Trust.

Herefordshire Council have also identified “unregistered parks and gardens” in an area of Lower Breinton including the Church, Breinton Grange, Breinton House, Breinton Court and Wyecliffe House (“*Wyecliffe Court*” is an error on the map below). Despite a large population of veteran trees there are very few trees with Tree Preservation Orders in Breinton, but some are included in red on this map.

Herefordshire Council map showing unregistered parks and gardens

More recently, Breinton’s Neighbourhood Development Plan (2016) has designated Local Green Spaces as shown on the map below. *“The designation should only be used where the land is not extensive, is local in character and reasonably close to the community; and, where it is demonstrably special, for example because of its beauty, historic significance, recreational value (including as a playing field), tranquility or richness of its wildlife”* (see: <https://www.historicengland.org.uk/advice/hpg/has/localgreenspace/> )

Lower Breinton and Warham Policies map provided by Herefordshire Council for Breinton's Neighbourhood Development Plan 2016. Note that the River Wye is a SAC (Special Area for Conservation) and SSSI (Site of Special Scientific Interest). Other designations shown on this map: Local Green Space and Scheduled Monument.

The whole of the River Wye is Special Area of Conservation (SAC) and a Site of Special Scientific Interest, and this impinges on the river bank habitats and buffer zones each side. Therefore this area of Breinton adjacent to the north bank of the river is special by association, and is a buffer zone for those designations (See Natural England's MAGIC maps for impact risk zones). Habitats include floodplain meadows (including some former water meadows), and steep river banks and cliffs that have remained relatively undisturbed for centuries.

MAGIC map showing River Wye SAC/SSSI and impact risk zones <http://www.magic.gov.uk/MagicMap.aspx>

## Old maps, (showing that many woods have not changed their presence or outline) and wildlife history

Breinton in 1815 (British Library). The extent of woodland close to the river in 1815 is very similar today

This estate plan from 1783 shows the western portion of Breinton Wood, and the orchard around St. Michael's Church by the River Wye in Lower Breinton, very much as it is today. (Herefordshire Archives and Records Centre).

Breinton was well-known to some eminent 19/20<sup>th</sup> century naturalists. Augustin Ley (1842-1911) was a highly-regarded botanist with particular expertise on mosses, as demonstrated

in "A Flora of Herefordshire" (1889) that he co-authored with W. H. Purchas. He also wrote papers for the Transactions of the Woolhope Naturalists' Field Club in 1905, listing additions to Herefordshire's known bryophytes (mosses and liverworts) since 1889. Augustin married Sarah Lucy Du Buisson of Breinton Court, in 1878. One rare moss he found in Breinton was *Epipterygium tozeri* Orev. Lucy's father Rev. Edmund Du Buisson was also keen on botany and explored the woods around Breinton Court. On the steep river bank he found the rare Milk Cap mushroom *Lactarius controversus* (Woolhope Club Transactions 1868, pp245-246).

Dr. Henry Graves Bull of Hereford (1818-1885) was a frequent visitor to the Du Buisson family of Breinton Court. A stalwart of the Woolhope Naturalist's Field Club, he had a passion in particularl for fungi, he introduced the idea of a "fungus foray" and he was a founder of the British Mycological Society. He also contributed to and edited volumes of the beautifully illustrated "Herefordshire Pomona" (1881) with Robert Hogg. This includes great detail about apple varieties and orchard management. Henry Graves Bull is buried in the Churchyard of St. Michael's, Breinton.

Ernest Arthur Binstead (1863-1941) was Vicar of Breinton between 1897 and 1906. He was also a Woolhope Club botanist with particular expertise in the identification of mosses.

There is a collection of pressed plants from around Herefordshire (herbarium sheets), particularly from the nineteenth century, held at the Museum Resource and Learning Centre, Friar St., Hereford. This includes a number of interesting specimens from Breinton.

Other maps that help build the natural history of Lower Breinton (by courtesy of David Lovelace)

## An area greater than a Local Wildlife Site

In Breinton it is not only Breinton Wood (Local Wildlife Site) that is ancient woodland and worthy of designation. Other woods nearby are ancient also; as indicated by old maps, the location on steeper slopes, their structure and their ground flora (described in the next section). Ancient semi-natural woodland “occupies less than 2% of Britain’s land surface”, so it is important that such woodland found here is recognised and protected. The area adjacent to the River Wye Special Area of Conservation (SAC) and Site of Special Scientific Interest (SSSI) outlined below also includes unimproved meadows, traditional orchards and riverside pasture habitats that have barely changed over hundreds of years. Wildlife habitats in Breinton show many features similar to Local Wildlife Sites and SSSI sites in neighbouring parishes, and therefore a new special area of biodiversity adjacent to the River Wye SAC and SSSI, as outlined on the map, is proposed.

Google Earth map of this special area for biodiversity by the River Wye SAC/SSSI at Breinton

### **Reasons for highlighting this area adjacent to the River Wye Special Area of Conservation and Site of Special Scientific Interest**

This area of Breinton adjacent to the River Wye has naturalness in that the woodland, meadow and orchard landscape has barely changed in at least 234 years, since a map from 1783. There is a high diversity of plant species in this area, including some rarities, such as *Campanula latifolia* (Giant Bellflower), *Ranunculus parviflorus* (Small-leaved buttercup), and *Helleborus foetidus* (Stinking hellebore). (Herefordshire Rare Plants Register, 2013).

*Campanula latifolia*

*Ranunculus parviflorus*

*Helleborus foetidus*

Other unusual plants include: Stinking iris (*Iris foetidissima*), Small teasel (*Dipsacus pilosus*), Pink purslane (*Claytonia sibirica*), Goldilocks buttercup (*Ranunculus auricomus*), Meadow saxifrage (*Saxifraga granulata*), Toothwort (*Lathraea squamaria*), Early purple orchid (*Orchis mascula*) and Common spotted orchid (*Dactylorhiza fuchsii*). Many of these plants reflect the sandstone/mudstone geology and are lime-loving.

*Orchis mascula*

*Dipsacus pilosus*

*Ranunculus auricomus*

*Claytonia sibirica*

*Iris foetidissima*

*Chrysosplenium oppositifolium*

*Saxifraga granulata* (SO4650939681)   *Lathraea squamaria* (SO4689739640)   *Primula vulgaris*

Some less usual plants in Breinton Wood, and/or Breinton Court Wood and/or Wyecliffe Wood

Parrot waxcaps

*Lychnis flos cuculi*

*Dactylorhiza fuchsia*

Some less usual plants in Breinton Court Meadow and/or Wyecliffe meadows and/or Warham

A rare moss *Epipterygium tozeri* Orev. (Augustin Ley, Woolhope Club Transactions 1888), and fungi such as the Milk Cap mushroom *Lactarius controversus* have also been noted (Woolhope Club Transactions 1868, pp245-246).

Plants such as wild daffodils (*Narcissus pseudo-narcissus*), Early purple orchid (*Orchis mascula*), and Wood anemone (*Anemone nemorosa*) are indicators of ancient woodland.

*Narcissus pseudo narcissus*

*Hyacinthoides non-scripta* and *Orchis mascula*

*Anemone nemorosa*

Some indicators of ancient woodland in Breinton Wood

Rare arable weeds such as Shepherd's Needle (*Scandix pecten-veneris*) have been noted elsewhere in Breinton, and on pasture near the river in Warham there is a patch of Small-leaved buttercup (*Ranunculus parviflorus*). Blue water-speedwell (*Veronica anagallis-aquatica*) and Hemlock water-dropwort (*Oenanthe crocata*) grow by a pool near the river at Warham.

*Ranunculus parviflorus*

*Veronica anagallis-aquatica*

*Oenanthe crocata*

Some less usual plants near the River Wye at Warham

The flora of this area of Breinton is rich, diverse and ancient, with some rarities. New SSSIs are rarely designated these days, but this extended area should qualify for a special biodiversity status. Criteria for the designation of SSSIs are provided by the Joint Nature Conservation Committee, <http://jncc.defra.gov.uk/page-2303> including consideration of naturalness, diversity and rarity. Some detailed lists of flora and other wildlife noted in and adjacent to this area by the River Wye are provided in the Appendix, and others are downloadable from the Breinton Parish Council website: <http://breintonparish.co.uk/about-breinton/breintons-wildlife/>

## Descriptions and photos of component areas

### Warham

We know the area around Warham and along the river bank has changed very little over hundreds of years because the locations of scenes painted by the artists James Wathen (1751-1828) and Brian Hatton (1887-1916) remain easy to recognise today. Habitats include: the river bank; floodplain pasture, (former water meadows); steep river cliff with ancient woodland. At the eastern end of the area a pool and stream host Pink purslane (*Claytonia sibirica*) and a wide range of damsel flies, and the surrounding trees provide roosts for Mandarin ducks.

Remnant ancient woodland and unusual grassland flora on slopes in Warham

The Interpretation Board at Green Bank Queen Elizabeth II Field in Trust by Warham House

## Breinton Wood (partly National Trust)

We know Breinton Wood is ancient woodland by the presence of veteran trees, the presence of indicator flora, and the evidence from old maps. It appears as a thin linear feature on maps because it is mostly on steep slopes, former river cliffs. These steep slopes have prevented land use other than coppicing, and possibly charcoal burning. Carpets of wild daffodils are followed by bluebells, with early purple orchids, and wood anemones. Periwinkle and stinking iris are common.

Breinton Wood is on a steep river cliff above the River Wye. Note former water meadow channels on the floodplain

## Breinton Springs (National Trust)

This view of Belmont House from Breinton Springs painted by James Wathen in 1821 has not changed a great deal since then

Traditional orchard

Scheduled ancient monument dating to around 1150 A.D.

River Wye

The National Trust took over land around the “moated mound” scheduled monument, plus surrounding traditional orchard and floodplain meadow in about 1985, and have managed it to promote biodiversity ever since. The older orchard trees have cracks and crannies containing frass (droppings) from the rare Noble Chafer beetle. Great crested and other newts have been noted in the pond in the meadow. Lesser spotted woodpeckers (Red List species) are seen near the river and Breinton Wood.

All traditional orchards in Breinton have been mapped as part of the Three Counties Orchard Project. A number of orchards seen today were also present on the earliest maps.

Traditional orchards in Breinton in 1839 (left), and 2016 (right). Three Counties Orchard Project/Herefordshire Archaeology, 2016

## Breinton House gardens and ponds

Several ponds are home to Great crested newts, and a slow worm was also seen.

## Breinton Court wood and meadow

The woods on the steep bank here have a different flora to Breinton Wood, still with plenty of periwinkle and stinking iris, but with fewer bluebells, and carpets of wild garlic instead. On the boggy floor of a gully, golden saxifrage is found. Toothwort parasitises roots of hazel. Woodcock, peregrine, cuckoo and redpoll are among the less usual birds. Small teasel and giant bellflower are among the unusual plants close to the river. The meadow is mowed infrequently and hosts common spotted orchids, and many fungi including waxcaps in autumn.

Breinton Court Wood

Dactylorhiza fuchsii in the meadow

Hard shield fern and wild garlic

## **Wyecliffe Meadow**

This unimproved grassland was formerly an orchard, (since before 1815) but the orchard trees have gradually declined. The meadow is now mowed at intervals to promote biodiversity. The flora, including a large population of common spotted orchids, is very diverse and it is a haven for butterflies (such as the marbled white butterfly) and many other invertebrates.

Dactylorhiza fuchsii

remnant apple tree

meadow, looking west

## **Wyecliffe House woods, gardens and ponds**

The woods on the steep bank are linked directly to Breinton Court woods, with veteran trees, and a rich flora including early purple orchids and meadow saxifrage. The large ponds in the gardens are home to great crested newts and many dragonflies.

Wyecliffe wood

pond with great crested newts

cowslips

### **Crinkham Cottage/Red Rocks pasture, Breinton Common**

These fields have remained under pasture that has received minimal ploughing so that ancient features such as ridge and furrow are still discernible. The flora on the pasture is relatively rich, with some unusual species around wet flushes. A number of veteran trees, mainly oak, remain on present and former field boundaries. Peregrine falcons have been seen roosting on taller trees, and nest on the vertical sandstone cliffs (Red Rocks) just across the River Wye.

## DETAILS OF PLANT AND ANIMAL SPECIES IN BREINTON

### Ancient, veteran and noble trees

Especially in areas of ancient woodland, Breinton has a large number of older trees. Many of these have been recorded and mapped by The Woodland Trust on their interactive map.

From: <http://www.ancient-tree-hunt.org.uk/discoveries/interactivemap/>

Older trees are not just important because of their age, but also because they support nests and roosts, a very wide diversity of invertebrates, and epiphytic plants such as fungi and lichens. The soil around the roots also houses a unique and complex interdependent assemblage of micro-organisms. This biodiversity takes time to develop and cannot be replicated on newly planted saplings. Tree species noted in Breinton are listed in the Appendix.

Examples of veteran oaks at: Breinton Wood; pasture below Crinkham Cottage; Warham Court Farm

Notable trees around Warham House, with girths, David Whitehead 2011

*Planus hispanicus* and *Quercus cerris*, Green Bank, Warham

## Fungi

There is wide diversity of fungi in Breinton.

The Herefordshire Fungus Survey Group visited Breinton in Spring 2010. They recorded “4 waxcaps, including *Hygrocybe fornicate* which I think of as uncommon in Kent, but which may be less so in the west, 5 clubs, including *Ciavaha tenuipes* possibly often misrecorded as *C. acuta* and *Trichglossum hirsutum*. The “true” *Xerocomus chrysenteron* was again recorded, this time under *Tsuga* sp. *Otidea atulacea* (see photo) was found just outside the churchyard but in the litter from trees inside”. Other fungi are listed in the Appendix.

*Phellinus ferreus* 01/01/16

*Mycena galericulata* 15/10/13

*Xylaria hypoxylon* 15/11/14

## Birds in Lower Breinton

Swift Ecology Survey 28 August, 2013, provided a bird species list specifically for the woodland at Warham House, Lower Breinton, Herefordshire.

Common Name	Latin Name	Conservation Status	Comment
Blackbird	<i>Turdus merula</i>	Green	
Blackcap	<i>Sylvia atricapilla</i>	Green	
Blue tit	<i>Cyanistes caeruleus</i>	Green	
Bullfinch	<i>Pyrrhula pyrrhula</i>	Amber	
Buzzard	<i>Buteo buteo</i>	Green	
Carriion crow	<i>Corvus corone</i>	Green	
Chaffinch	<i>Fringilla coelebs</i>	Green	
Chiffchaff	<i>Phylloscopus collybita</i>	Green	
Cuckoo	<i>Cuculus canorus</i>	Red	Frequent and multiple in 2016. In riverside woods and Wyevale Wood
Dunnock	<i>Prunella modularis</i>	Amber	
Garden warbler	<i>Sylvia borin</i>	Green	
Goldcrest	<i>Regulus regulus</i>	Green	
Goldfinch	<i>Carduelis carduelis</i>	Green	
Great spotted woodpecker	<i>Dendrocopos major</i>	Green	
Green woodpecker	<i>Picus viridis</i>	Amber	
House martin	<i>Delichon urbica</i>	Amber	
Jackdaw	<i>Corvus monedula</i>	Green	
Long-tailed tit	<i>Aegithalos caudatus</i>	Green	
Magpie	<i>Pica pica</i>	Green	

Mistle thrush	<i>Turdus viscivorus</i>	Amber	
Nuthatch	<i>Sitta europaea</i>	Green	
Robin	<i>Erythacus rubecula</i>	Green	
Rook	<i>Corvus frugilegus</i>	Green	
Song thrush	<i>Turdus philomelos</i>	Red	Also on Kings Acre Road
Stock dove	<i>Columba oenas</i>	Amber	
Tawny owl	<i>Strix aluco</i>	Green	
Willow warbler	<i>Phylloscopus trochilus</i>	Amber	Also in Breinton Court Woods
Woodcock#	<i>Scolopax rusticola</i>	Amber	Also in Breinton Court Woods
Woodpigeon	<i>Columba palumbus</i>	Green	
Wren	<i>Troglodytes troglodytes</i>	Green	

# - recorded by Lewis Goldwater, 19<sup>th</sup> March 2013

Conservation Status according to: Eaton M A, Brown A F, Noble D G, Hearn R, Aebischer N J, Gibbons D W, Evans A & Gregory R D (2009). Birds of Conservation Concern 3: the population status of birds in the United Kingdom, Channel Islands and the Isle of Man. British Birds, 102, 296-341.

Other birds sighted by the author include: jays, redwings, and fieldfares in traditional orchards adjoining Breinton Wood; peregrine near Red Rocks, Breinton Common; woodcock, redpoll, tawny owl, willow warbler in Breinton Court Wood; hobby over Warham; stone chat and yellowhammers on hedges.

Like the cuckoo and song thrush, lesser spotted woodpeckers have Red status and are seen by the river near Breinton Wood, e.g. SO4768638982 10/05/2017. A rare migrant, a golden oriole was seen in 2016 at Breinton Court.

Other birds seen locally are listed in the Appendix.

Tawny owl chick, Breinton Court Wood

Male and female mandarin ducks, Warham

Used song thrush nest (Wyecliffe House)

Tufted duck

Great crested grebes

## Mammals seen close to the River Wye in Breinton

Common Name	Latin Name	Status
Badger		Frequent, large number of setts
Fox		Occasional
Rabbit		Abundant, everywhere
Hare		Occasional, seen at Warham
Otter		Occasional
Stoat		Occasional
Mole		Frequent, photographed at Breinton Springs
Vole sp.		Photographed in Breinton Court Wood
Shrew?		Photographed in Wyecliffe House Woods
Mink		Occasional
Polecat		Rare, dropping photographed, therefore living within 1 mile
Deer		Frequent
<b>Bats (from Swift Ecology survey)</b>		
Common pipistrelle	<i>Pipistrellus pygmaeus</i>	
Soprano pipistrelle	<i>Pipistrellus pipistrellus</i>	
Long-eared bat	<i>Plecotus</i> sp.	
Myotis sp.	<i>Myotis</i> sp.	
Serotine	<i>Eptesicus serotinus</i>	

Wood vole

A mole, and another that went swimming in the River Wye!

Otter footprints, Breinton

Shrew?

Polecat scat

## Reptiles

A grass snake was seen (nesting) at Warham Court Farm in 2015, and a slow worm was found at Breinton House garden in August 2014.

Slow worm

Great crested newts, Breinton House

## Amphibians

Frogs, toads and newts are frequent in Breinton. Great crested newts have been photographed at Breinton House (NG, verified by A. Wild of HART), and also recorded or observed in ponds at Breinton Springs and Wyecliffe House.

## Butterflies and moths

Ringlet

Meadow Brown

Comma

Orange tip

Common blue, Wyecliffe meadow

6 spot burnets

Gatekeeper, peacock, red admiral, small tortoiseshell, large skipper, small skipper, Essex skipper, green-veined white, and marbled white have also been seen in Wyecliffe Meadow. A list of butterflies and moths noted in Breinton Common ([SO452401](#)), including white letter hairstreak, is included in the Appendix.

## Insects and other invertebrates

See lists in the Appendix for Breinton Common. Noble Chafer beetle droppings (or frass) are abundant in crevices of fruit trees in traditional orchards. A Noble Chafer beetle was photographed by Rebecca Roseff in Breinton on the boundary between a traditional orchard and Breinton Wood.

Frass in an apple tree, Breinton Springs (NG)

Noble chafer beetle in Breinton (R. Roseff)

*Pyrochroa serraticornis*

Damselflies

*Agrion splendens*

## Other Biological Data Sources

Information about the natural environment of the whole of Breinton is provided on the **Breinton Parish Council** website, under Wildlife, with sub-pages on Biodiversity, Woodland heritage, Birds and Fungi:

<http://breintonparish.co.uk/about-breinton/breintons-wildlife/>

<http://breintonparish.co.uk/about-breinton/breintons-wildlife/biodiversity/>

A large number of biological records for Breinton are held with open access in the **National Biodiversity Network** Gateway Atlas <https://nbnatlas.org/>. This example is from the National Trust at Breinton Springs [https://records.nbnatlas.org/occurrences/search?q=\\*&lat=52.0514&lon=-2.767&radius=0.05#tab\\_mapView](https://records.nbnatlas.org/occurrences/search?q=*&lat=52.0514&lon=-2.767&radius=0.05#tab_mapView)

A large number of mosses in Breinton are recorded on this website.

## Natural England MAGIC maps

Natural England's interactive MAGIC maps allow mapping of known habitats and designations. Breinton's semi-natural and replanted ancient woodland (brown stripes on green) is recognised, as are traditional orchards (bright green) and semi-improved grassland (mauve).

### **The Woodland Trust**

As well as recording and mapping a large number of ancient, veteran and noble trees throughout Breinton, the Woodland Trust also manage Drovers Wood, about a mile north of the River Wye. <https://www.woodlandtrust.org.uk/visiting-woods/map/Breinton/52.0532989501953/-2.7980399%207749/> Photos taken by Nichola Geeson in this wood are listed in the Appendix

### **Herefordshire Biological Records Centre**

HBRC is a not-for-profit partnership service that collects, manages and distributes all data for Herefordshire relating to wildlife sites, species, habitats, biodiversity and nature. It is not currently open-access. <https://www.herefordshire.gov.uk/info/200177/conservation/224/ecology/3>

### **Herefordshire Council**

<https://www.herefordshire.gov.uk/downloads/200177/conservation>

### **Herefordshire Wildlife Trust**

In Breinton Wyevale Wood there is a HWT reserve. This is about 1 mile north of the River Wye. <http://www.herefordshirewt.org/wildlife/reserves?search=Breinton&radius=5&term=> Photos taken by Nichola Geeson in this wood are listed in the Appendix.

Crowfoot, Pond Water Crowfoot ( <i>Ranunculus peltatus</i> ), l.	
Goldilocks ( <i>Ranunculus auricomus</i> ),l.	
Hellebore,Stinking ( <i>Helleborus Foetidus</i> ), l.	SO483398
Kingcup/Marsh-marigold ( <i>Caltha palustris</i> ),l.	
Crowfoot, River ( <i>Ranunculus fluvialis</i> ),l.	
Spearwort, Greater ( <i>Ranunculus lingua</i> ),l.	
Spearwort, Lesser ( <i>Ranunculus flammula</i> ),l.	
Traveller's Joy ( <i>Clematis vitalba</i> ), i.	
Wood Anemone ( <i>Anemone nemorosa</i> ),i.	

#### POPPY FAMILY

Poppy, Common (*Papaver rhoesas*),wd

#### FUMITORY FAMILY

Fumitory, Common (*Fumaria officinalis*),wd.

#### NETTLE FAMILY

Nettle, Small (*Urtica urens*),l.

Nettle, Stinging (*Urtica dioica*),wd.

#### GOOSEFOOT FAMILY

Fat Hen (*Chenopodium album*), wd.

Goosefoot, Red (*Chenopodium rubra*), l.

Orache, Common (*Atriplex patula*), wd.

#### PURSLANE FAMILY

Purslane, Pink (*Claytonia sibirica*),l. SO489389

#### CAMPION FAMILY

Campion, Red (*Silene dioica*),wd.

Campion, White (*Silene latifolia*), i.

Campion, Red/White hybrid , i.

Chickweed, Common (*Stellaria media*), wd.

Chickweed, Water (*Myosoton aquaticum*),l

SO484388

Mouse ear, Common (*Cerastium fontanum* ), wd .

Ragged Robin (*Lyschnis Flos-cuculi*),l.

Soapwort (*Saponaria officinalis*), l.

SO 482389

Stitchwort, Bog (*Stellaria uliginosa*), l.

Stitchwort, Greater (*Stellaria holostea* ),wd.

Stitchwort, Lesser (*Stellaria graminea*),..

#### DOCK FAMILY

Bistort, Amphibious (*Polygala amphibian*),l.

Bindweed, Black (*Fallopia convolvulus*),l.  
Dock, Common/ broad-leaved (*Rumex obtusifolius*), wd  
Dock,Curled (*Rumex crispus*),wd.  
Dock, Wood (*Rumex sanguineus*),wd.  
Knotgrass ( *Polygonum aviculare* ),wd.  
Knotweed, Japanese (*Fallopia japonica*), l.  
Redshank (*Persicaria maculosa*),i.  
Sorrel , Common (*Rumex acetosa*), i.

#### ST. JOHNS-WORT FAMILY

St Johns-wort, Hairy (*Hypericum hirsutum*),l.  
St Johns-wort , Imperforate (*H. maculatum*),i.  
St. Johns-wort, Perforate (*H. perforatum*),i.  
St Johns-wort, Slender (*H. pulchrum*),l.  
St. Johns-wort, Square-stalked (*H. tetrapherum*), la.  
*H. desentangiae*,i.

#### MALLOW FAMILY

Mallow, Common (*Malva sylvestris*),wd.  
Mallow, Musk (*Malva moschata*),i.

#### VIOLET FAMILY

Pansy,Field (*Viola arvensis*),i.  
Violet,Dog (*Viola riviniana*),i.  
Violet,Early Dog (*Viola reichenbachiana*),l.  
Violet,Sweet (*Viola odorata*),i.

#### GOURD FAMILY

Bryony, White (*Bryonia dioica*), wd

#### CABBAGE FAMILY

Bittercress, Hairy (*Cardamine hirsuta* ),i.  
Charlock (*Sinapis arvensis*),l.  
Cress, Thale (*Arabidopsis thaliana*),wd .  
Cuckoo Flower (*Cardamine pratensis*),i.  
Mustard, Black (*Brassica nigra*),la.  
Mustard , Garlic (*Alliaria petiolata* ),wd  
Mustard , Hedge (*Sisymbrium officinale* ),wd.  
Mustard, Hoary (*Hirschfeldia incana*),l.  
Mustard, Treacle (*Crysimum cheiranthoides* ),l.  
Shepherd's- purse( *Capsella bursa-pastoris*),wd  
Swine-cress,Lesser (*Coronopus didymus*),i.  
Water-cress (*Rorippa nasturtium-aquaticum*),i.  
Winter-cress (*Barbarea vulgaris* ),i.

#### MIGNONETTE FAMILY

Weld (*Reseda luteola*),l.

#### PRIMROSE FAMILY

Cowslip (*Primula veris* ) , l (in churchyard, probably introduced).  
Creeping Jenny (*Lysimachia nummularia* ), l.  
Loosestrife, Yellow (*Lysimachia vulgaris*),l. SO448404  
Pimpernel, Scarlet (*Anagallis arvensis*),l.  
Pimpernel, Yellow (*Lysimachia nemorum*), l.  
Primrose (*Primula vulgaris* ), l.

#### CURRENT FAMILY

Currant, Black (*Ribes nigrum*),l.

#### ROSE FAMILY

Agrimony (*Agrimonia eupatoria*),i.  
Bramble (*Rubus fruticosus*),wd.  
Cinquefoil, Creeping (*Potentilla repens*),i.  
Herb Bennet or Wood Avens (*Geum urbanum*),wd.  
Meadowsweet (*Filipendula ulmaria*),wd.  
Parsley Piert (*Apianthes arvensis*),i. SO484389  
Rose, Dog (*Rosa canina*),wd.  
Rose, Field (*Rosa arvensis*),l.  
Silverweed (*Potentilla anserina*),i.  
Strawberry, Barren (*Potentilla sterilis*),i.  
Tormentil ( *Potentilla erecta*),l.

#### PEA FAMILY

Clover, Red (*Trifolium pratense*), wd.  
Clover, White (*Trifolium repens*), wd.  
Gorse (*Ulex europeaus*), i.  
Medick, Black (*Medicago lupulina*), i.  
Restharrow, Common (*Ononis repens*), i.  
Tare, Hairy (*Vicia hirsuta*), i.  
Tare, Smooth (*Vicia tetrasperma*), i.  
Trefoil, Bird's foot (*Lotus corniculatus*), wd  
Trefoil, Greater Bird's foot (*Lotus pedunculatus*), i.  
Trefoil, Lesser (*Trifolium dubium*), i.  
Vetch, Bush (*Vicia sepium*), wd.  
Vetch, Tufted(*Vicia cracca*), l.  
Vetch, Common ( *Vicia sativa*), wd  
(*Vicia sativa* ssp.*nigra*), l.  
Vetchling, Meadow (*Lathyrus pratensis*), i.

#### PURPLE-LOOSESTRIFE FAMILY

Loosestrife, Purple(*Lythrum salicaria*)i. SO474393

#### WILLOWHERB FAMILY

Enchanter's Nightshade (*Circaea lutetiana*), i.  
Willowherb, American ( *Epilobium ciliatum*),i.  
Willowherb, Broad-leaved (*Epilobium montanum*), wd.  
Willowherb, Great (*Epilobium hirsutum*), wd.  
Willowherb Hoary (*Epilobium parviflorum*),l.  
Willowherb, Rosebay (*Chamerion angustifolium*), wd.  
Willowherb, Square-stalked (*Epilobium tetragonum*), l.

#### MISTLETOE FAMILY

Mistletoe(*Viscum album*), wd.

#### SPURGE FAMILY

Dog's Mercury (*Mercurialis perennis*), la.  
Spurge, Petty (*Euphorbia peplus* ),i.  
Spurge, Sun (*Euphorbia helioscopia*),i.

#### GERANIUM FAMILY

Cranesbill, Dove's Foot (*Geranium molle*), wd.  
Cranesbill , Cut-leaved (*Geranium dissectum*),wd.  
Cranesbill, Hedgerow (*Geranium pyrenaicum*), i.  
Cranesbill,Long-stalked (*Geranium columbinum*),l. SO484389  
Cranesbill, Meadow (*Geranium pratensis*), l.  
Herb Robert (*Geranium robertianum*),wd.

#### BALSAM FAMILY

Balsam, Indian ( *Impatiens glandulifera*),la.

#### CARROT FAMILY

Angelica,Wild (*Angelica sylvestris*), la.  
Burnet Saxifrage (*Pimpinella saxifraga*),l.  
Cow Parsley (*Anthriscus sylvestris*), wd.  
Chervil, Rough (*Chaerophyllum temulum*), wd.  
Fool's Watercress (*Apium nodiflorum*), la.  
Ground Elder (*Aegopodium podagraria*), wd.  
Hemlock Water Dropwort (*Oenanthe crocata*),l.  
Hemlock (*Conium maculatum* ), i.  
Hogweed, Common (*Heracleum sphondylium*), wd.  
Hogweed, Giant (*H.mantegazzianum*), l.  
Parsley, Fool's (*Aethusa cynapium*), i.  
Parsley, Stone (*Sison amomum*),l.  
Parsley, Upright Hedge (*Torilis japonica*), i.  
Pignut (*Conopodium majus*), l. SO461402  
Shepherd's Needle (*Scandix pecten-veneris*), la

#### GENTIAN FAMILY

Centaury, Common (*Centaurium erythraea*), la.

#### PERIWINKLE FAMILY

Periwinkle, Lesser (*Vinca minor*), la.

#### NIGHTSHADE FAMILY

Nightshade, Black (*Solanum nigrum*), l.  
Nightshade, Woody (*Solanum dulcamara*), i.

#### BINDWEED FAMILY

Bindweed, Field (*Convolvulus arvensis*), wd.  
Bindweed, Hedge (*Calystegia sepium*), wd.

#### BORAGE FAMILY

Comfrey, Common (*Symphytum officinale*), wd.  
Forget-me-not, Field (*Myosotis arvensis*), wd.  
Forget-me-not, Water (*Myosotis scorpioides*), i.

#### DEADNETTLE FAMILY

Basil, Wild (*Clinopodium vulgare*), l.  
Bugle (*Ajuga reptans*), i.  
Calamint, Common (*Clinopodium ascendens*), l. SO 484389  
Deadnettle, Red (*Lamium purpureum*), wd.  
Deadnettle, White (*Lamium album*), wd.  
Ground Ivy (*Glechoma hederacea*), wd.  
Gipsywort (*Lycopus europaeus*), la.  
Hempnettle, Common (*Galeopsis angustifolia*), l.  
Horehound, Black (*Ballota nigra*), l.  
Mint, Water (*Mentha aquatica*), l.  
Sage, Wood (*Teucrium scorodonia*), wd.  
Self-heal (*Prunella vulgaris*), i.  
Woundwort, Hedge (*Stachys sylvatica*), wd.  
Woundwort, Marsh (*Stachys palustris*), l.  
Yellow Archangel (*Lamiastrum galeobdolon*), i.

#### PLANTAIN FAMILY

Plantain, Greater (*Plantago major*), wd.  
Plantain, Ribwort (*Plantago lanceolata*), wd.

#### FIGWORT FAMILY

Bartsia, Red (*Odontis vernus*), l.  
Brooklime (*Veronica beccabunga*), l.  
Foxglove (*Digitalis purpurea*), i.  
Figwort, Common (*Scrophularia nodosa*), l.  
Figwort, Water (*Scrophularia auriculata*), l.  
Mullein, Great (*Verbascum thapsus*), l. SO 489389  
Speedwell, Blue Water (*Veronica anagallis*), l.  
Speedwell, Field (*Veronica persica*), wd.  
Speedwell, Germaner (*Veronica chamaedrys*), wd.  
Speedwell, Heath (*Veronica officinalis*), l.  
Speedwell, Ivy-leaved (*Veronica hederifolia*), wd.  
Speedwell, Thyme-leaved (*Veronica serpyllifolia*), l.  
Speedwell, Wall (*Veronica arvensis*), i.  
Speedwell, Wood (*Veronica montana*), l.  
Toadflax, Common (*Linaria vulgaris*), l.  
Toadflax, Ivy-leaved (*Cymbalaria muralis*), i.

#### BELLFLOWER FAMILY

Bellflower, Greater (*Campanula latifolia*), l. SO 484388

#### BEDSTRAW FAMILY

Bedstraw, Lady's (*Galium verum*), l.  
Bedstraw, Heath (*Galium saxatile*), l.  
Bedstraw, Marsh (*Galium palustre*), l.  
Goosegrass (*Galium aparine*), wd.  
Madder, Field (*Sherardia arvensis*), l.

#### HONEYSUCKLE FAMILY

Honeysuckle (*Lonicera periclymenum*), wd.

#### TEASLE FAMILY

Teasle (*Dipsacus fullonum*), i.  
Teasle, Small (*Dipsacus pilosus*), l. SO 466396

#### DAISY FAMILY

Burdock, lesser (*Arctium minus*), l.

Butterbur (*Petasites hybridus*), la.  
 Cat's-ear (*Hypochaeris radicata*), wd.  
 Chicory (*Cichorium intybus*), l.  
 Cudweed, Marsh (*Gnaphalium uliginosum*), l.  
 Daisy (*Bellis perennis*), wd.  
 Daisy, Ox-eye (*Leucanthemum vulgare*), i.  
 Dandelion (*Taraxacum sp.*), wd.  
 Groundsel (*Senecio vulgaris*), wd.  
 Hawksbeard, Beaked (*Crepis vesicaria*), l.  
 Hawksbeard, Smooth (*Crepis capillaris*), wd.  
 Hawkbit, Lesser (*Leonotodon saxatilis*), l.  
 Hemp Agrimony (*Eupatorium cannabinum*), i.  
 Knapweed, Common (*Centaurea nigra*), wd.  
 Lettuce, Prickly (*Lactuca serriola*), i.  
 Lettuce, Greater (*Lactuca virosa*), i.  
 Lettuce, Wall (*Mycelis muralis*), l.  
 Mayweed, Scentless (*Tripleurospermum inodorum*), wd.  
 Mayweed, Scented (*Matricaria recutita*), i.  
 Mugwort (*Artemisia vulgaris*), i.

**SO 4739 / 4839**

**VC 36**

Recorder: John Ockenden

Hedgerows in Wye flood-plain & along lanes.

<i>Acer campestre</i>	Field Maple
<i>Acer pseudoplatanus</i>	Sycamore
<i>Anthriscus sylvestris</i>	Cow Parsley
<i>Apium nodiflorum</i>	Fool's-water-cress
<i>Carduus crispus</i>	Welted Thistle
<i>Castanea sativa</i>	Sweet Chestnut
<i>Cirsium arvense</i>	Creeping Thistle
<i>Cirsium vulgare</i>	Spear Thistle
<i>Corylus avellana</i>	Hazel
<i>Crataegus monogyna</i>	Hawthorn
<i>Dryopteris filix-mas</i>	Male Fern
<i>Euonymus europaeus</i>	Spindle
<i>Filipendula ulmaria</i>	Meadowsweet
<i>Fraxinus excelsior</i>	Ash
<i>Geranium robertianum</i>	Herb Robert
<i>Geum urbanum</i>	Herb Bennett / Wood Avens
<i>Glechoma hederacea</i>	Ground-ivy
<i>Hedera helix</i>	Ivy
<i>Heracleum sphondylium</i>	Hogweed
<i>Ilex aquifolium</i>	Holly
<i>Iris foetidus</i>	Stinking Iris
<i>Lamium album</i>	White Dead-nettle
<i>Lamium purpureum</i>	Purple Dead-nettle
<i>Mercurialis perennis</i>	Dog's Mercury
<i>Phalaris arundinacea</i>	Reed Canary-grass
<i>Prunus avium</i>	Wild Cherry
<i>Prunus spinosa</i>	Blackthorn
<i>Quercus cerris</i>	Turkey Oak
<i>Quercus robur</i>	English Oak
<i>Rhamnus catharticus</i>	Purging Buckthorn
<i>Rosa canina</i>	Dog Rose
<i>Rubus fruticosus agg.</i>	Bramble
<i>Rumex obtusifolius</i>	Broad-leaved Dock
<i>Salix caprea</i>	Goat Willow
<i>Salix cinerea agg.</i>	Grey Willow
<i>Salix fragilis</i>	Crack Willow
<i>Sambucus nigra</i>	Elder
<i>Taraxacum agg.</i>	Dandelion
<i>Taxus baccata</i>	Yew
<i>Ulmus procera</i>	English Elm
<i>Urtica dioica</i>	Nettle
<i>Viscum album</i>	Mistletoe

Swift Ecology Survey of Breinton Wood, 28 August 2013. **Vascular plant species** were estimated for their abundance using the DAFOR (L) (Dominant, Abundant, Frequent, Occasional, Rare, Locally) scale. Ancient woodland indicator status is assigned according to Kirby, K. (2004) and Rose, F. (1999).

Scientific name	Common name	Abundance (DAFOR)	Ancient Woodland Indicator
<b>Canopy</b>			
<i>Acer pseudoplatanus</i>	Sycamore	F/O	
<i>Aesculus hippocastanum</i>	Horse-chestnut	O	
<i>Betula pendula</i>	Silver birch	O/R	

<i>Castanea sativa</i>	Sweet chestnut	O	
<i>Fraxinus excelsior</i>	Ash	D	
<i>Malus sylvestris</i>	Crab apple	R	✓
<i>Quercus robur</i>	Pedunculate oak	D	
<i>Salix alba</i>	White willow	O	
<i>Taxus baccata</i>	Yew	R	
<i>Tilia cordata</i>	Small-leaved lime	R	✓
<b>Understorey</b>			
<i>Acer campestre</i>	Field maple	LA	✓
<i>Acer pseudoplatanus</i>	Sycamore	F	
<i>Alnus glutinosa</i>	Alder	F	
<i>Corylus avellana</i>	Hazel	LA/F	
<i>Crataegus monogyna</i>	Hawthorn	A/F	
<i>Euonymus europaeus</i>	Spindle	O	✓
<i>Fraxinus excelsior</i>	Ash	D/A	
<i>Ilex aquifolium</i>	Holly	O	✓
<i>Prunus avium</i>	Wild cherry/gean	A	✓
<i>Prunus spinosa</i>	Blackthorn	A/F	
<i>Sambucus nigra</i>	Elder	F	
<i>Sorbus aucuparia</i>	Rowan (planted)	R	
<i>Ulmus glabra</i>	Wych elm	A	✓
<i>Ulmus procera</i>	English elm	F	
<b>Woody shrubs &amp; climbers</b>			
<i>Hedera helix</i>	Ivy	D	
<i>Lonicera periclymenum</i>	Honeysuckle	O	
<i>Rosa arvensis</i>	Field-rose	O	✓
<i>Rosa canina</i>	Dog-rose	F	
<i>Rubus fruticosus agg.</i>	Bramble	LA/F	
<b>Field layer</b>			
<i>Agrostis stolonifera</i>	Creeping bent	LD/A/F	
<i>Agrostis gigantea</i>	Black bent-grass	R	
<i>Alliaria petiolata</i>	Garlic mustard	F	
<i>Alopecurus pratensis</i>	Meadow foxtail	F	
<i>Anemone nemorosa</i>	Wood anemone	A/LD	✓
<i>Anisantha sterilis</i>	Barren brome	F	
<i>Anthoxanthum odoratum</i>	Sweet vernal grass	LF	
<i>Anthriscus sylvestris</i>	Cow parsley	A/F	
<i>Arrhenatherum elatius</i>	False oat-grass	F	
<i>Arum maculatum</i>	Lords-and-Ladies	O	
<i>Bromus hordeaceus</i>	Soft-brome	O	
<i>Cardamine pratensis</i>	Cuckooflower	O	
<i>Carex pendula</i>	Pendulous sedge	O	✓
<i>Carex remota</i>	Remote sedge	R	✓
<i>Carex sylvatica</i>	Wood sedge	R	✓
<i>Cirsium sp.</i>	Thistle sp.	O	
<i>Chelidonium majus</i>	Greater celandine	O	
<i>Conopodium majus</i>	Pignut	R	✓
<i>Cornus sanguinea</i>	Dogwood	O	
<i>Cynosurus cristatus</i>	Crested dog's-tail	F	
<i>Dactylis glomerata</i>	Cock's-foot	A/F	
<i>Dryopteris filix-mas</i>	Male fern	O	
<i>Festuca rubra</i>	Red fescue	F	
<i>Filipendula ulmaria</i>	Meadowsweet	O	
<i>Geranium robertianum</i>	Herb-Robert	A/F	
<i>Geum urbanum</i>	Wood avens	F	
<i>Glechoma hederacea</i>	Ground-ivy	F	
<i>Helleborus foetidus #</i>	Stinking hellebore	O	✓
<i>Heracleum sphondylium</i>	Hogweed	F	
<i>Holcus lanatus</i>	Yorkshire-fog	A	
<i>Hyacinthoides non-scripta</i>	Bluebell	D	✓
<i>Iris foetidissima</i>	Stinking iris	F	✓
<i>Iris pseudacorus</i>	Yellow iris	R	
<i>Juncus effusus</i>	Soft rush	R	
<i>Lamium galeobdolon</i>	Yellow archangel	O	✓
<i>Lycopus europaeus</i>	Gipsywort	R	
<i>Melica uniflora</i>	Wood melick	LF/O	✓
<i>Mentha aquatica</i>	Water mint	R	

<i>Mercurialis perennis</i>	Dog's mercury	D	v
<i>Milium effusum</i>	Wood millet	R	v
<i>Narcissus pseudonarcissus</i> #	Wild daffodil	A	v
<i>Oenanthe crocata</i>	Hemlock water-dropwort	R	
<i>Plantago lanceolata</i>	Ribwort plantain	F	
<i>Polystichum setiferum</i>	Soft shield fern	O	
<i>Ranunculus acris</i>	Meadow buttercup	A/F	
<i>Ranunculus auricomus</i>	Goldilocks buttercup	R	v
<i>Ranunculus ficaria</i>	Lesser celandine	A	
<i>Ranunculus repens</i>	Creeping buttercup	A	
<i>Ribes</i> sp.	Currant	R	v
<i>Rumex acetosa</i>	Common sorrel	F/O	
<i>Rumex obtusifolius</i>	Broad-leaved dock	F	
<i>Rumex sanguineus</i>	Wood dock	O	
<i>Silene dioica</i>	Red campion	F/O	
<i>Stachys sylvatica</i>	Hedge woundwort	O	
<i>Stellaria holostea</i>	Greater stitchwort	F/O	
<i>Taraxacum officinale</i> agg.	Dandelion	O	
<i>Trifolium pratense</i>	Red clover	F/O	
<i>Urtica dioica</i>	Nettle	A/F	
<i>Veronica chamaedrys</i>	Germander speedwell	R	
<i>Veronica hederifolia</i>	Ivy-leaved speedwell	O	
<i>Veronica montana</i>	Wood speedwell	O	v
<i>Viola odorata</i> #	Sweet violet	O	v
<i>Viola reichenbachiana</i>	Early dog-violet	O	v
<b>Ground flora</b>			
<i>Galium aparine</i>	Cleavers	LD/A	
<i>Hedera helix</i>	Ivy	LD/A	
<i>Rubus fruticosus</i> agg.	Bramble	LA/F	
<i>Vinca minor</i>	Lesser periwinkle	LD/A	

The use of the term "rare" in this context is solely in relation to the species' abundance on this site, and does not imply any level of local, regional or national scarcity.

# - record supplied by Lewis Goldwater.

## Wyecliffe House and Meadow

### Vascular Plant List - Breinton

Recorder: Peter Garner (County Recorder) Date: 07/07/2016

#### Riverside - grounds of Wyecliffe House and Breinton Court Estates, and unimproved meadow above river cliff

<i>Alliaria petiolata</i>	Garlic Mustard	SO43U	
<i>Allium ursinum</i>	Ramsons	SO43U	
<i>Alnus glutinosa</i>	Alder	SO43U	
<i>Anagallis arvensis</i>	Scarlet Pimpernel	SO43U	
<i>Angelica sylvestris</i>	Wild Angelica	SO43U	
<i>Impatiens glandulifera</i>	Indian Balsam	SO43U	
<i>Iris foetidissima</i>	Stinking Iris	SO43U	
<i>Lamium album</i>	White Dead-nettle	SO43U	
<i>Leucanthemum vulgare</i>	Oxeye Daisy	SO43U	
<i>Ligustrum vulgare</i>	Wild Privet	SO43U	
<i>Lycopus europaeus</i>	Gypsywort	SO43U	
<i>Lythrum salicaria</i>	Purple-loosestrife	SO43U	
<i>Mahonia aquifolium</i>	Oregon-grape	SO43U	
<i>Malva moschata</i>	Musk-mallow	SO43U	

<i>Matricaria chamomilla</i>	Scented Mayweed	SO43U	
<i>Medicago lupulina</i>	Black Medick	SO43U	
<i>Melica uniflora</i>	Wood Melick	SO43U	
<i>Mycelis muralis</i>	Wall Lettuce	SO43U	
<i>Myosotis arvensis</i>	Field Forget-me-not	SO43U	
<i>Oenanthe crocata</i>	Hemlock Water-dropwort	SO43U	
<i>Dryopteris filix-mas</i>	Male-fern	SO43U	
<i>Eleocharis palustris</i>	Common Spike-rush	SO43U	
<i>Elymus caninus</i>	Bearded Couch	SO43U	
<i>Epilobium ciliatum</i>	American Willowherb	SO43U	
<i>Epilobium montanum</i>	Broad-leaved Willowherb	SO43U	
<i>Equisetum arvense</i>	Field Horsetail	SO43U	
<i>Euonymus europaeus</i>	Spindle	SO43U	
<i>Eupatorium cannabinum</i>	Hemp-agrimony	SO43U	
<i>Euphorbia helioscopia</i>	Sun Spurge	SO43U	
<i>Polystichum setiferum</i>	Soft Shield-fern	SO43U	
<i>Potamogeton natans</i>	Broad-leaved Pondweed	SO43U	
<i>Potentilla anserina</i>	Silverweed	SO43U	
<i>Prunus laurocerasus</i>	Cherry Laurel	SO43U	
<i>Pseudotsuga menziesii</i>	Douglas Fir	SO43U	
<i>Pteridium aquilinum</i>	Bracken	SO43U	
<i>Stellaria media</i>	Common Chickweed	SO43U	
<i>Symphytum officinale</i>	Common Comfrey	SO43U	
<i>Tanacetum vulgare</i>	Tansy	SO43U	
<i>Taxus baccata</i>	Yew	SO43U	
<i>Trifolium dubium</i>	Lesser Trefoil	SO43U	
<i>Typha latifolia</i>	Bulrush	SO43U	
<i>Ulmus procera</i>	English Elm	SO43U	
<i>Verbascum thapsus</i>	Great Mullein	SO43U	
<i>Veronica serpyllifolia</i>	Thyme-leaved Speedwell	SO43U	
<i>Sisymbrium officinale</i>	Hedge Mustard	SO43U	
<i>Sonchus oleraceus</i>	Smooth Sow-thistle	SO43U	
<i>Sparganium erectum</i>	Branched Bur-reed	SO43U	
<i>Stachys palustris</i>	Marsh Woundwort	SO43U	
<i>Stachys sylvatica</i>	Hedge Woundwort	SO43U	
<i>Stellaria holostea</i>	Greater Stitchwort	SO43U	

### Flora of riverside meadows south of Crinkham Cottage (1997 author unknown)

GRASSES: quaking grass; crested dogtail; sweet vernal grass; common bent; Yorkshire fog; soft brome; meadow fescue; cocksfoot

WILDFLOWERS: including hop trefoil; bird's foot trefoil; red clover; white clover; yarrow; common sorrel; self heal; agrimony; yellow rattle; ox eye daisy; field scabious; knapweed

WET FLUSH: bog pimpernel; soft rush; sedge; fleabane

### Fungi Records

BREINTON FUNGI RECORDS						
Recorders						
JW: Jo Weightman 01568 780329: jo.weightman@gmail.com						
Date	Recorder	Location	Fungus name	Notes	Photos	
Dec-09	JW	Breinton churchyard	<i>Ciavaha tenuipes</i>	possibly often misrecorded as C. acuta		
			<i>Hygrocybe fornicate</i>	uncommon?		
			<i>Otidea atulacea</i>	found just outside the churchyard but in the litter from trees inside		
			<i>Trichoglossum hirsutum</i>			

			<i>Xerocomus chrysenteron</i>	"true" <i>Xerocomus chrysenteron</i> was again recorded, this time under <i>Tsuga</i> sp.	
Dec-09	JW	Little Breinton (adjoining the proposed LWS)	(28 species in all)		
			<i>Waxcaps</i>	on mossy lawns	
			<i>Rickenelia fibula</i>	on mossy lawns	
			<i>Rickenelia swartzii</i>	on mossy lawns	
			<i>Clavulinopsis helvola</i>	on mossy lawns	
			<i>Clytocybe rivulosa</i>	on mossy lawns	
			<i>Mycena flavoalba</i>	on mossy lawns	
			<i>Agaricus impudicus</i>	(variegans)	
			"True" <i>Xerocomus chrysenteron</i>	frequent under a cedar tree	
			<i>Peziza micropus</i>	on a fallen conifer	
			<i>Pholiota squarrosa</i>	on apple wood	
			<i>Marasmius epiphylloides</i>	on moribund ivy leaves in a hedgerow, <b>seldom recorded</b>	
			<i>Sphaeropis visci</i>	on fallen, dying sprigs of mistletoe. <b>Significant find</b>	
			<i>Resupinatus tricotis</i>	in a small derelict and disturbed spinney	
15/10/2013	NG	Breinton Court	<i>Mycena</i>	maybe galericulata (JW)	P1000032
			<i>Amanita</i>	maybe pantherina (JW)	P1000049
			<i>Nectria cinnabrina</i>	Coral spot. Weak parasite then saprophyte on decaying wood. (JW)	P1000050
			<i>Ganoderma australe</i>	previously adpersum. Parasite (JW)	P1000060, P1000061
			<i>Russula delica</i>	possibly (JW). On ungrazed but mowed meadow.	P1000066- P1000069
			<i>Hygrocybe psittacina</i>	Parrot waxcap on ungrazed but mowed meadow	P1000070, P1000071
17/10/2013	NG	Breinton Church yard	<i>Cystoderma amianthenum</i>	possibly (JW)	P1000075
			<i>Waxcaps</i>		P1000076
			<i>Leccinum</i>	possibly scabrum	P1000077
23/11/2013	JW	Little Breinton orchards (close to Breinton Church)			
			<i>Agaricus impudicus</i>		
			<i>Calocera cornea</i>		
			<i>Gymnopilus junonius</i> *	large tan, smooth-capped, base of tree	
			<i>Laetiporus sulphureus</i> *	large white (rotten) brackets formerly orange-yellow	
			<i>Lycoperdon pyriforme</i> *	puffball	
			<i>Phaeolus schweinitzii</i> *	old but identifiable. Dark brown tiered brackets at base of tree	
			<i>Pholiota squarrosa</i>		
			<i>Postia subcaesia</i> *	single soft bracket	
			<i>Schizophora paradox</i>		
			<i>Scutellinia scutellata</i> *	eyelash fungus	
			<i>Trametes versicolor</i>		
			<i>Xanthoriicola physciae</i>		
23/11/2013	JW	Breinton Churchyard			
			<i>Agaricus augustus</i>		
			<i>Agaricus impudicus</i>		
			<i>Clitocybe fragrans</i>		
			<i>Clitocybe metachroa</i>		
			<i>Clitocybe nebularis</i>		
			<i>Collybia butyracea</i>		
			<i>Lactarius subdulcis</i>		
			<i>Lactarius turpis</i>		
			<i>Lepista flaccida</i>		
			<i>Lepista nuda</i>		

			<i>Mycena metata</i>	in litter under conifer	
			<i>Paxillus involutus</i>		
			<i>Puccinia iridis</i>	rust fungus on living leaves of Stinking Iris	
			<i>Rhytisma acerinum</i>		

Location	Fungus Species (NG)	Date	Photo reference (NG)
Wyecliffe Meadow	<i>Lepiota</i>	14/10/2016	P1110313
	<i>Cep</i>	14/10/2016	P1110315,7,8
