Internal Audit

Scope:

The Internal Audit covers the internal control processes identified by the Parish Council as well as matters directly related to the Annual Return.

Independence:

The Internal Auditor has direct access to the RFO and reports in their own name to the Council. The auditor has no other role within the Council and the reporting is unbiased and objective.

Competence:

The appointment of an internal auditor is considered at a full council meeting before the audit is carried out.

Relationships:

The Clerk is consulted on the internal audit arrangements.

Review of the effectiveness of the system of Internal Audit:

The Internal Auditor has access to the Parish Council's documentation of its internal control processes, financial risk assessment, health and safety risk assessments, insurance schedule, asset register, Standing Orders, Financial Regulations, Accounts and policies, as well as to previous Annual Returns and relevant information. These inform the internal audit.

The internal audit is an opportunity for discussion about new developments in the audit service, risk management and corporate governance. The internal audit is relevant for the completion of the Statement of Assurance at Section 1 of the Annual Return as well as being essential to the completion of the Annual Internal Audit Report.

The Report is reviewed by the next Parish Council meeting and any necessary actions resolved.
